Water: We make our own drinking water and it's safe to drink directly out of the tap (we filter rain water, and when there isn't enough rain, we filter sea water using reverse osmosis). You may also purchase bottled water from the bar, or from the mini-bar in your room. For your convenience, a water dispenser is located near the entry to the lodge, if you care to fill your own water bottle.

Robes: Everyone loves our robes! And they are here for your use while you are our guest. They are also available for purchase at the gift shop if you want to take some of the comfort of the island home. Please check with the office for more information.

Towels: If you wish to have your towel changed out, please leave it on the floor. Towels hung on the rack will not be refreshed. We do our best to respect the natural environment, and ask that you assist us in being as low impact as possible.

Housekeeping: In an effort to continue the highest of conservation practices, we ask that if you need towel service, you leave the towel on the floor. If the towel is hung from the rack or on a hook, we will leave it for the next time we refresh your room. Additionally, if you wish to keep your linens through a refresh, please display the "Psss... I'm all about eco-friendly island vibes. Kindly do not launder my linens at this time." sign.

It is our privilege to serve you while you are our guest. Kindly let us know if there is way that we can enhance the enjoyment of your time at St. George's Caye Resort, and thank you for choosing to stay with us!
